Project Name	Project_Smart lender-Applicant credibility prediction for loan approval
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Data Flow Architecture :
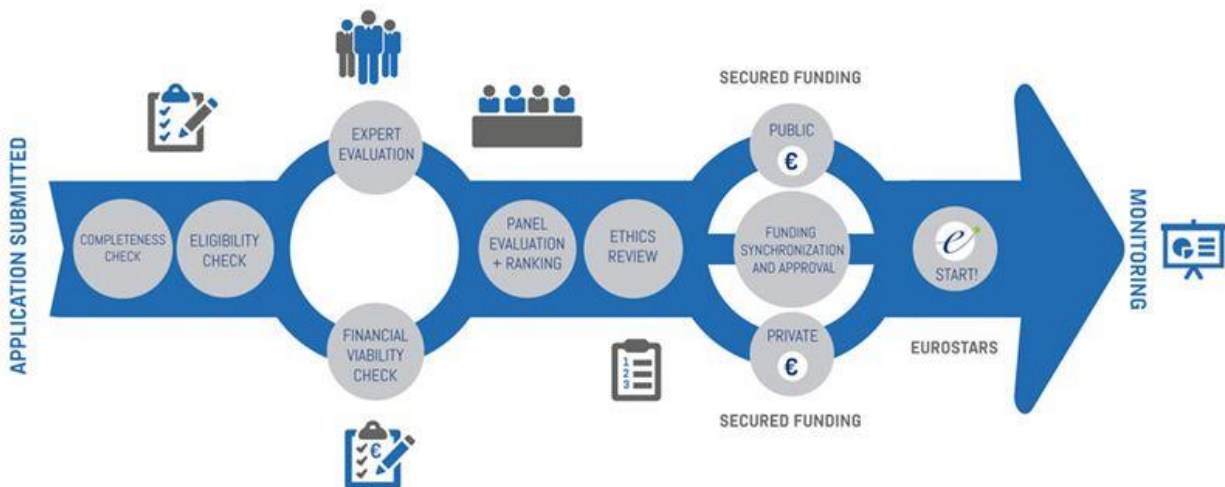

Flow Diagram : Data
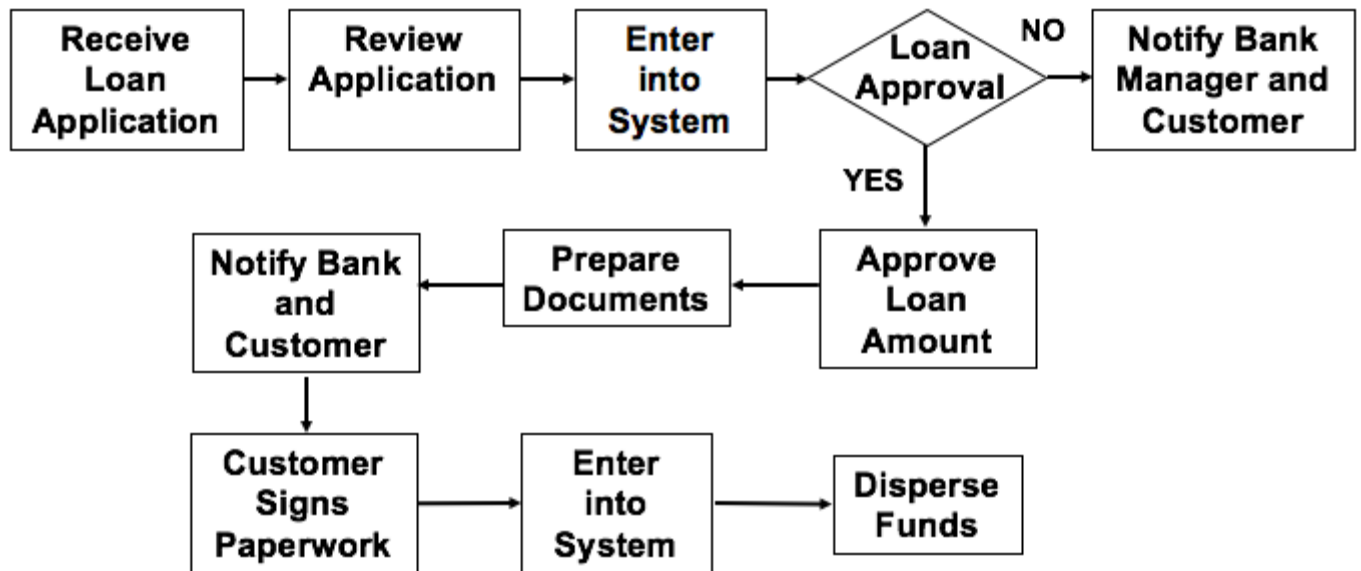

User Stories :

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Priority
Customer	Registration	USN-1	As a user, can search the bank	High

(Mobile user)			application name ,and download the mobile application.
